

AIG SYSTEM FEATURES & BENEFITS

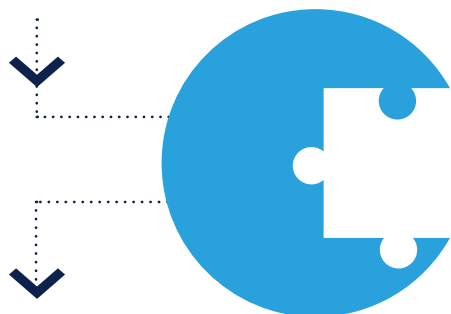

STREAMLINED APPLICATION PROCESS

A quote can be obtained in as little as 60 seconds for risks that meet underwriting system criteria.

COMMISSION

A higher than market commission rate of 22.5% is offered online.

SCHEMES SETUP

AIG can consider schemes and facility arrangements for industry professions.

PROFESSIONAL LIABILITY

AIG offers two simple and easy ways to access our products: via Sunrise and our AIG direct platform

SUNRISE

STEP 1: Access broking system. Enter codes as follows:

- PROFLIAB

STEP 2: Complete online proposal and all underwriting information. Depending on risk details, premium will automatically generate or manual referral to underwriter will be required

STEP 3: Formal policy documentation on AIG letterhead should be downloaded via the sunrise platform. AIG's formal offering is subject to the downloaded policy schedule and policy terms and conditions

DIRECT

STEP 1: To allow setup on the AIG direct platform, please email your contact details to: transact@aig.com

STEP 2: To access the platform, please access via the following link: <http://myaig.com.au>

STEP 3: Complete online proposal and all underwriting information. Depending on risk details, premium will automatically generate or manual referral to underwriter will be required

STEP 3: Bind & Print Policy Documentation
Once the policy has been bound, the policy schedule, wording and certificate of currency will be available for download from the system. Closing are not required when following this process.

DIRECTOUR CYBER PRODUCT

Did you know our cyber product is available via the same process as above. Simply select cyber instead of professional indemnity on the policy details page.
