First Response Service

Your call will be answered by the AIG call centre. Your call will be answered in English but a call-back service is available in other languages.

The First Response Advisor will contact you within approximately 1 hour of a call-back service request to take initial details of the incident and advise on next steps as well as assisting with the coordination of the response.

The First Response Advisor will appoint an approved IT specialist if needed to assist you in determining what has been affected and how the incident might be resolved.

You will receive initial legal advice to assist with the requirements to regulators and individuals.

If required, the First Response Advisor will appoint a Public Relations Advisor to help prevent reputational damage and a Cyber Extortion Advisor to guide you during an extortion or ransomware event.
